ABSTRACT

The third of a series of nine career education guides includes four social studies units for grades 4-6. Part one, famous Americans from Plymouth Rock to Tranquility Base, includes goals, objectives, skills to be taught or reviewed, lists of famous Americans in the fields of science and medicine, inventions, sports, religion, politics, literature, art, music, and civil rights, and suggests general and specific activities and selected student written exercises and puzzles. Part two (on birds and bird house construction), part three (on behind-the-scenes activities of a supermarket), and part four (on careers in journalism), contain statements of goals, objectives, and skills to be taught or reviewed, and suggest a wide variety of activities (including puzzles, games, and arts and crafts projects). In addition, part four lists careers in journalism and provides evaluation and test materials for the various grades. (JR)

* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

FOREWORD

In a Career Education program, each student is provided with tools and/or information to help him develop a sense of self-awareness, to become cognizant of his abilities, temperaments, aspirations, goals, values, interests and needs in order to make realistic choices in the many career options available to him in the world of work.

The material developed in this unit was based on this premise with the goal of infusing these ideas into the present curriculum.

Career Education is a facet of education that can be related to the whole student and thus provide a vehicle to help youth prepare for the future and implement decisions that will hopefully lead to a rewarding and successful life.

This is a Suggested Six week Unit

It is suggested that this unit be read in its entirety first. Select those activities most applicable to your class. It is not intended that all these activities be used. They are listed as suggestions.

When visitors are invited to come to speak to the children, besides having the speaker tell how and what they do, be sure to ask why they choose their occupation. Have the children prepared with questions for the visitor.

If trips are not feasible, invite as many representatives as possible to the class.

Please feel free to send comments, evaluations and new suggestions to McEvoy Education Center.

FAMOUS AMERICANS

General Purpose - Goal - The continuing success of America is influenced by the talents of famous Americans and immigrants of the past and present.

Specific Objectives - As a result of this unit the child will be able to:

Fourth Grade -

1. List good personal qualities that contributed to the person's success.
2. List famous people who have contributed to more than one occupational cluster.
3. Write and organize a "Famous Person" notebook.
4. Write a biographical sketch of a famous worker using resource material.
5. Describe what he or she will be doing in his or her job twenty years from now.

Fifth Grade -

1. List good personal qualities and describe how they contributed to the individual's success.
2. Identify famous people who have contributed to more than one occupational cluster.
3. Write and organize a "Famous Person" notebook.
4. Write a biographical sketch of a famous worker using resource material.
5. Write an autobiographical sketch describing his or her job in twenty years.

Sixth Grade -

1. Analyze the personal qualities that contributed to the individual's success.
2. Identify famous people and contributions they have made in more than one occupational cluster.
3. Write and organize a "Famous Person" notebook.
4. Write a biographical sketch of a famous worker using resource material.
5. Write an autobiographical sketch projecting himself or herself twenty years into the future, describing his or her success as a famous American.

Booker T. Washington	Educator	1856-1915
Robert Peary	Arctic explorer Discovered North Pole	1856-1920
Dr. William Mayo	Founded Mayo Clinic	1861-1939
Dr. Charles Mayo	Founded May Clinic	1865-1939
Charles Steinmetz	Mathematician & Engineer	1865-1923
Albert Einstein	Outstanding Scientist	1879-1955
Amelia Earhart	First woman to fly solo across Atlantic	1897-1937?
George W. Carver	Agricultural Research	1859-1943
Elmer Sperry	Scientist, Inventor Manufacturer	1860-1930
Enrico Fermi	Physicist 1st Nuclear chain reaction	1901-1959
Edwin Link	Inventor & Businessman	1904 -
Albert Sabin	Oral Polio Vaccine	1906 -
Wernher Von Braun	Rocket Engineer	1912 -
Jonas Salk	First Polio Vaccine	1914 -
John Glenn	1st American to orbit Earth	1921 -
Scott Carpenter	2nd American to circle Earth	1925 -
Neil Armstrong	1st Man to step on Moon	1930 -
Gus Grissom	1st American to make more than one space flight	1926 -

INVENTIONS

<u>Inventors</u>	<u>Inventions</u>	<u>Date</u>
Eli Whitney	cotton gin	1793
Robert Fulton	steamboat	1807
Cyrus McCormick	reaper	1834
John Deere	light steel plow	1837
Charles Goodyear	Vulcanization of rubber	1844
Samuel F.B. Morse	telegraph	1844
Elias Howe	sewing machine	1846
Gordon McKay	shoe sewing machine	1862
George Pullman	pullman car	1865
Cyrus W. Field	atlantic cable	1866
George Westinghouse	railroad air brakes	1869
Alexander G. Bell	telephone	1876
Thomas A. Edison	phonograph electric light binetoscope	1877
Wilbur & Orville Wright	airplane	1903
Lee DeForest	radio vacuum tube	1907
Vladimir Zworykin	television	1934
Benjamin Franklin	stove eye glasses * electricity-lightening rod	1706 - 1790
Henry Ford	assembly line Ford car	1863 - 1930
Igor Sikorsky	helicopter airplane designer	1889 - 1972
E. I. DuPont	nylon, plastics, dyes Founded DuPont Co.	1771 - 1834
Thomas DuPont	Expanded DuPont Co.	1863 - 1930

SPORTS

Abner Doubleday	Invented Baseball in 1839	1819-1893
John L. Sullivan	World Heavyweight boxing Champion	1858-1918
Knute Rockne	Great American Football Coach	1888-1931
Babe Ruth	Outstanding Baseball Player	1895-1948
Jersey Jo Wolcott	Outstanding Boxer	
Bobby Jones	Outstanding Golfer	1902-1971
Babe Didrickson	Outstanding Golfer	1914-1956
Joe DiMaggio	One of the greatest outfielders in Baseball history	1914-
Joe Louis	World Heavyweight Champion	1914-
Arnold Palmer	Outstanding Golfer	1929-
Bob Mathias	Olympic Track Star	1930-
Lee Trevino	Golfer	
Hank Aaron	Most homeruns in Baseball history	1954-
Orlando Cepeda	Baseball player	
Roberto Clemente	Baseball player	
Billy Jean King	Outstanding Tennis player	
Joe Namath	Football player	
Mark Spitz	Olympic swimmer	

RELIGION

Elder William Brewster	Spiritual leader of Plymouth Colony	1566-1643
Lord Baltimore (George Calvert)	Proprietor of Maryland Colony Member of Virginia Colony	1580-1632
John Colton	Puritan Minister & Author	1584-1652
Ann Hutchinson	Religious Leader Colonial America	1591-1643
Roger Williams	Clergyman - founded Rhode Island	1603-1683
Lord Baltimore (Cecil Calvert)	Founder of Maryland	1605-1675
William Penn	English Quaker Founded Pennsylvania	1644-1718
Cotton Mather	Intellectual & Religious leader in Colonial America	1663-1728

Dr. Martin Luther King	Civil Rights Leader	1929-1968
Bella Abzug	Congresswoman from N.Y.	
Senator Montoya	Senator from Alaska	
Senator Inouye	Senator from Hawaii	
Senator Fong	Senator from Hawaii	

Introduction Activities

1. Poem "I hear America Singing" by Walt Whitman. (Poem included)
 - a. Play record or read poem.
 - b. List all occupations in the poem.
 - c. What does the poem mean to the children.
 - d. Illustrate the poem.
 - e. Listen to poem again and list more occupations and another meaning.
 - f. Match the occupation listed with people they know
 - g. Choral reading and role play the occupations.
 - h. Film-Land of Immigration CM-832 121
 - i. Do choral reading and role play for other grades.
 - j. Discuss new vocabulary terms.
 - k. What jobs are no longer as popular.
2. Discussions of qualities -
 - a. courage
 - b. perserverance
 - c. trustworthiness
 - d. patience
 - e. fortitude
 - f. honesty
 - g. initiative

Walt Whitman - 1800's writing about the builders of America.

I hear America singing, the varied

carols I hear,

Those of mechanics, each one singing

his as it should be blithe and strong,

The carpenter singing his as he measures his plank or beam,

The mason singing his as he makes ready for work, or leaves off work,

The boatman singing what belongs to him in his boat, the deckhand
singing on the steamboat deck,

The shoemaker singing as he sits on his bench, the hatter
singing as he stands,

The wood-cutter's song the plow boys on his way in the
morning, or at noon intermission or at sundown,

The delicious singing of the mother,

or the young wife at work, or of the girl sewing or washing,

Each singing what belongs to him or her and none else.....

Vocabulary: blithe

carol

mason

hatter

2. a. Make a bulletin board, match words above with name or pictures of famous people. (more than one match)

Courage _____ George Washington

2. b. Open ended stories-- to develop personal qualities of courage, honesty.....

1. What if you saw your friend break a window?
 - a. Would you tell?
 - b. What would you tell him?
2. What if you wanted a tennis racket for \$10.00 and you had saved \$8.50 and you saw a cheaper one for \$3.98 made of plastic. What would you do?
3. What if you were a helper of slaves on the underground escaping north, would you feel you were breaking the law? Is it ever right to break the law?

Teacher may include others.

GUIDE SHEET • OUTLINE

Your report should include the following:

1. Name of famous American _____
 2. Subject Area _____
 3. Birth date _____ death _____
 4. Place of birth _____
 5. Period of time in history _____
 6. Three important events that took place during this American's adult life:
 1. _____
 2. _____
 3. _____
 7. Contributions made by this person _____
 8. a. 4th Grade - Good personal qualities _____
b. 5th & 6th Grade - Personal qualities of success _____

 9. Other important facts _____
 10. a. Why did you enjoy studying about this famous American?
b. Why didn't you enjoy studying about this famous American?
 11. Would you like to be his or her friend? Why or why not?
 12. Why did your famous American choose this career?
- This report is to be made into your famous person booklet with:
pictures, sketches, writings.
- 5th & 6th Grade only -
13. What kinds of demands did your famous American have because of the period of time in which he or she lived?
 14. 6th Grade - How would his or her career have been different if he or she had lived during our early history or today?
 15. List of references used (by child)

Author _____

Title _____

Publisher _____

General Activities

1. This activity is divided into groups of famous people in these areas.....

Science and Invention

Religion

Politics

Literature-Colonial/19th Cent./20th Cent.

Artists

Music

Civil Rights

Sports

*Resources provided - Famous Americans Lists

2. Divide class into groups. The list could be divided into two groups and studied at 2 times or depending on class size done at one time. Suggested time, 2 weeks for research.
3. Children work from guide sheet - provided.
4.
 - a. Collect pictures of famous American or his/her contributions.
 - b. Make collages
 - c. Bring in any object connected with the famous Americans.
5. Write to states for specific information on your Famous Americans.
6. Presentation
 - a. An assembly program of famous Americans for entire school, parents..
 1. Skits of subject area
 2. Write songs
 3. Dress up
 - b. Present or make speeches to class.
 - c. Presentation to Senior Citizen Groups or other groups outside of the schools.
 - d. Go into other classrooms
 - e. Radio

- f. T.V. Program - video taped
- g. Bulletin Board display of famous American people.
- 7. Interview the famous American
- 8. "This is Your Life" program of famous American
- 9. Concentration Game-3X5 cards

NAME

CONTRIBUTION

- 10. Pretend you are your famous personality.
- 11. "What if" you were "Ben Franklin" e.g. walked down Main St.
and compare what you see from how you saw it when you were alive.
- 12. Time line for past 500 years along wall - help children make
transition of parents ago to years ago.

Activities - Parents ago and years ago

If one parent ago is 30 years - how many parents ago is 100 years,
200 years, etc.

Mark the time line of parents ago or years ago. (Example given)

As a result of this activity the students should be able to
identify how many years ago major events occurred and the time
relationship between the founding and the development of
each of the colonies studied.

- 13. Collages - save old magazines - Sunday newspaper suppliments for ideas.
- 14. Newspaper articles - you could cut out good-clear articles from
local newspapers- use as guidelines.
- 15. Debates - present views
- 16. Role play
- 17. Diorama
- 18. Table scenes, use simple materials, e.g. Eli Whitney with his
cotton gin.
- 19. Murals
- 20. Flannel board stories - draw pictures, write or tell one story

about a famous American

21. Box movies/or box radio ----- peep show
22. Mobiles (pictures representing various occupations)
23. Wall hanging
24. Puppets
25. Guessing games, riddles (20 questions-Who am I? Where did I live?
What did I do? more questions)
26. Tic Tac Toe - Child or teacher put any 9 names down, put x on
man who was first president.
27. Picture- using scraps of material, felt, toweling, paper tissue, etc.
28. Take famous person e.g. - Thomas Jefferson - how many small words
from this name can you make? (any famous American can be used)
29. Crossword puzzles child or teacher made
30. Word puzzles e.g. write question. Name a famous person and
the colony then solve the problem to check answer. (Give each letter
of the alphabet a corresponding number. Make a number code
puzzle to answer each question.)

2335
Anne

19810163748

1114125

6702812

31. Make a transparency or filmstrip of famous characters.
32. Make a museum of famous people and their contributions.
33. Visit local historical societies.
34. Visit local historical sites.
 - a. Harriet Tubman-Auburn, N. Y.
 - b. Seward Mansion-Auburn, N. Y.
 - c. Canal Museum-Syracuse, N. Y.
 - d. Salt Museum-Syracuse, N. Y.
 - e. Fort Sault Ste. Marie-Syracuse, N. Y.
 - f. Fort Ontario-Oswego, N. Y.
 - g. Corning Glass-Corning, N. Y.
 - h. Smith Corona-Cortland-Groton, N. Y. (12 years or older)
 - i. County Historical Societies
35. Write a story about your famous American in which he or she uses
a time machine. If yours is a twentieth century person the machine
will go backward, if an eighteenth or nineteenth century person,
go forward.

SPECIFIC OBJECTIVES FOR SUBJECT AREAS

Science and Inventions

1. Design and construct a model of an invention made by a famous American inventor. Show the model to the class stressing the following points:
 1. Materials used
 2. Method of Construction
 3. Its place in the development of our country.
2. Select a filmstrip about a famous American which he has researched and show it to the class.
3. Compare an invention from the past with its present day model showing the progression of improvements. Use a chart to show the information. (Example, sewing machine as invented by Howe with its present model.)
 1. Year of original invention
 2. Style
 3. Materials used
 4. Appearance (what it looked like then and now)
 5. Type of power used
 6. Other details

Specific Activity

Religion

1. Pretend you are your famous religious leader and give a speech on today's current trends-e.g. How would a New England Clergyman of 1800, suddenly transported into 1973 by a time machine, react to:
 - a. Today's music
 - church
 - dress/clothing
 - buildings
 - movies/T.V./books
 - laws/government
2. Build a model of an early church and today's church after field trip.
3. Research, draw, make churches of different colonies.
4. Field trips to old or new church in community.
5. Visit as many churches of as many denominations as possible.
6. Research Salem Witch Trials.

Politics

1. Re-enact the trial of John Peter Zenger.
2. Research First Womans Rights Convention in Seneca Falls.
Write to chamber of commerce for more information.
3. Compare the Women's Platform of early Women's liberation to today's trends.
4. Do a "Meet the Press" show of members of the group working in Politics.
5. Visit a Court House.
6. Research religion of the presidents and compare why views have changed.

Al Smith, after a very successful term as governor of New York State, campaigned for the Presidency in 1928 but was unable to overcome religious prejudice, for he was a Catholic. People said at that time that it just proved a Catholic could never become President of the U.S. Yet in 1960 another Catholic, John F. Kennedy was elected. Why do you think Kennedy was successful, yet Al Smith was not? Do you think a Jewish-American or black American will someday be elected president as John Kennedy was? Why or why not? How about a woman?

7. Presidential Games (commercial as well as Teacher made)
8. Research the 13th-14th-15th Amendments. Meaning and developments in Negro Rights.
9. Invite local politicians to the class to discuss their jobs, duties and how they are elected.
10. Write to your state representative for current trends of today's politics.
11. Invite your mayor to speak.
12. Harriet Tubman - Story and questions included.

Literature

1. Carl Sandburg's poem-"I am the People" discuss its meaning.
2. Collection of poems of different occupations.
3. Make book jackets and book markers representing your famous character.
4. Make a quill pen and use it.
5. Listen to records of selected poets, famous works.
6. Dramatize-Paul Revere, Legend of Sleepy Hollow.
7. Listen/read to Washington Irving's stories and identify those characteristics of hard work, initiative etc. List occupations

in these stories no longer practiced.

8. Read poems of famous black authors-James Wendell Johnson,
Paul Lawrence Dunbar.

Art

1. Visit local art museums.
2. Borrow exhibitions of painting.
3. Invite a local painter to your class.
4. Visit local exhibitions of art.
5. Present your own art show.
6. View painting of other eras and see what they show of life
in America at that time.
7. Prepare a pictorial display of paintings that portray America
and its leaders.
8. Folk Art- crafts of child to be presented
 - a. knitting
 - b. embroidery
 - c. painting
 - d. quilting
 - e. weaving
 - f. sculpture
 - g. jewelry
 - h. pottery
 - i. natural materials in pictures
 - j. mobilesetc.
9. Invite local professional people of the art cluster i.e.
 - a. Architects
 - b. Draftsmen
 - c. Interior decorators, etc.
 - d. Potters
 - e. Glass blowers

Music

1. Learn songs and history representative of different time periods
of American History i.e.

Yankee Doodle
Erie Canal
John Henry
*consult music department

2. Learn songs of occupations i.e. "I Got a Hammer"
"I've been working on the Railroad"
3. Make up new words to familiar songs about their famous Americans.
4. Listen to period records (e.g. of Gay 90's etc.)
5. Play examples of the works done by your famous American.
e.g. George Gershwin - "Rhapsody in Blue"
6. Study Jazz and Blues, Dixieland music.
7. Children who play instruments could play pieces of American music.
8. Invite a local musician to your class.
9. Have music teacher explain different parts of the orchestra and instruments.
10. Write a letter to your T.V. favorite performer and ask for a picture and information (addresses in movie magazines)
11. Did you know many Negro spirituals were actually secret messages about the underground railroad? Find the hidden messages in
"Swing Low, Sweet Chariot"
"De Gospel Train"
"Down by the Riverside"
"O My Good Lord, Show Me the Way"

Evaluation

1. Write an essay on the personal qualities that have made men and women famous and revered throughout the ages. Use specific examples from your study.
2. Write or tape a story that illustrates one of the following:
 - a. courage
 - b. perserverance
 - c. inventiveness
 - d. honesty
 - e. kindness
 - f. trustworthiness
 - g. patience
 - h. fortitude
 - i. initiative
3. Write or tape a story of 2 or more of the above qualities.
4. Directions: Read the following short biographies of some famous Americans and indicate on the lines below each, what personal qualities you think the persons showed. You may choose from the included list. (You may not use all of these) courage, bravery, initiative, persistance, patience, trustworthiness, foresightedness.
 1. Abraham Lincoln was born in extreme poverty in a log-cabin; lost his mother when he was about nine years old; attended school only a few months as a youngster, but read everything he could get his hands on. He was elected to the Illinois legislature in 1834; elected to United State House of Representatives in 1847-1849; he was defeated for the Senate in 1858 but nominated for the Presidency in 1860.

Immediately upon his election the southern states seceded from the Union and the Civil War began. He suffered more abuse than any other President who ever served in the government.

2. The Wright Brothers (Orville and Wilbur). In 1895 they established a successful bicycle factory. They studied aeronautics and engineering and in 1900 built their first glider. They experimented for two years and eventually designed an engine that would propel a plane. On December 17, 1903, they made the first successful powered flight.
-

3. Lou Gehrig, often called the "Iron Horse" signed to play baseball with the New York Yankees in 1925. When he was forced to retire in 1939 because of illness, he had set the fantastic record of playing in more than 2000 consecutive games and seven World Series. Crippled by a serious disease, he continued to help boys and girls until his death in 1941.
Think of how you feel sometimes and consider his 2000 game record .
-

4. Charles Lindbergh in 1927, flew a monoplane (single-engine, single-wing plane) alone across the Atlantic Ocean between New York and Paris. This 33 hour feat was the first non-stop flight across the ocean. Following his return to the United States he was honored with a ticker-tape parade up Broadway, and became a national hero. In 1929 he was married and in 1932, the Lindbergh's baby son, two years old, was kidnapped for ransom and found murdered. To escape further

publicity the family moved to Europe where he was later accused by Americans of being a traitor for his association with the Nazis and his desire to see a one-world government. During World War II he was a consultant for aircraft firms in the United States and then retired until the 1970's when he became a leading spokesman for conservation and ecology.

5. Alvin York, World War I hero who became known as Sergeant York, was said to have achieved the greatest feat of any soldier in all the Armies of Europe. He was a farm lad from Tennessee who in 1918 single-handedly killed 25 Germans and captured 130 others in the Battle of the Argonne.
-

6. "Grandma" Moses, United States painter. In her late seventies with her hands crippled from arthritis, she began painting farm scenes and country landscapes. With no formal training she developed her own style, known as "modern primitive." Her paintings are well known and sell for large sums of money today.
-

5. Match at least two occupational clusters with each of the following famous people and state an example of a contribution in each cluster.

Example - John F. Kennedy

Public Service, President of USA

Communication - Author
Profiles in Courage

Name	Cluster	Contribution
Thomas Jefferson		
Alexander G. Bell		
Benjamin Franklin		
Roberto Clemente		
William Penn		
Jacob Riis		
Pearl Buck		
Martin Luther King, Jr.		

Note: This is a suggested list. You may use those famous Americans which you have studied in you class.

Key for Occupational Cluster
Illustrations

6. You are part of an on going tradition following in the footsteps of such famous Americans as George Washington, John F. Kennedy, Amelia Earhart, Clara Barton etc. The year is 2003 and you are a famous American. Write an autobiography, at least one page long stating:

- a. Who are you?
- b. What are you famous for?
- c. What are your outstanding personal qualities?
- d. What are your contributions to humanity?
- e. Are you happy?

meager to say the least. The war over she headed for Auburn, exhausted and eager to be home. Boarding a northbound train, she met opposition from a conductor who refused to recognize her military documents and had her brutally and thrown into the baggage car. She never recovered from the brutality and it is said "the spiritual wound remained for the rest of her life."

Harriet was now about 50, badly hurt from the railroad incident, worn out and penniless. Who could have predicted that she would live another half-century? She married again and not until the death of her husband and the grant of relief to widows of Civil War veterans did Harriet receive any bid from a grateful government. She finally got \$8 a month which several years later was increased to \$20 by an act of Congress.

Harriet died March 10, 1913 and was buried with full military rites in Fort Hill Cemetery, Auburn, where her grave may be visited.

The foregoing account merely scratches the surface of Harriet Tubman's remarkable story and its influence on the course of events of her time.

Currently the Tubman Home is in a period of transition. A few of "Aunt Harriet's" relics may be seen there — her bed, lamp and Bible in particular. There are some interesting photographs of Harriet and her family, other mementoes and a small collection of books. Although in no sense a museum at this point, visitors are welcome daily from 11 a.m. to 5 p.m. if the Rev. G. H. Carter Sr. is there or if previous arrangements have been made by either individuals or groups. Telephone 315-253-2621.

The property is owned by the African Methodist Episcopal Zion Church to which it was willed by Harriet. The house was closed during 1970-71 but now is undergoing considerable repair and there are plans to make it once again a home for the elderly and for expansion of other facilities on the property.

Harriet Tubman

Read the July 26th story of Harriet Tubman and answer the following questions:

1. How many trips did Harriet Tubman conduct?
2. How many people did Harriet bring north?
3. What was Harriet's nicknam?
4. What is an overseer?
5. What does somnolence mean? How might this affliction affect her job as a conductor ont the Underground Railroad?
6. What was the "Underground Railroad"? Draw example of possible "stations" a conductor might stop at. Do you know any places in your neighborhood that were actually used as stations on the "railroad"?
7. Name some qualities of Harriet Tubman's personality that you consider noble and state your reasons why.
8. What does the line, "in the year 1848, she turned her face toward the North Star and freedom" mean?
9. What did Harriet mean when she said, "I was a conductor for eight years, I never ran my train off the track and I never lost a passenger."
10. What do these lines mean: "When I found I had crossed that line, I looked at my hands to see if I was the same person. There was such a glory over everything, The sun came like gold through the trees, and over the fields and I felt like I was in Heaven."
11. Look up the Fugitive Slave Law. What provisions made it dangerous for Harriet's work?
12. How much money was offered for her capture?
13. Why was William H. Servard important during the Civil War?

14. Where is Harriet Tubman's grave?

Discussion Questions

1. What was the economic affect on the south of Harriet's taking so many slaves to the north?
2. Why was a trip into slave territory and the kidnapping of a band of blacks like a military campaign into enemy camp?

Vocabulary Words : Children should look up the meaning of these words as they pertain to the context.

many-faceted	cherished
luster	perilous
refuge	enterprise

HALL OF FAME FOR GREAT AMERICANS

In 1900, the Hall of Fame for Great Americans was established by Dr. Henry Mitchell MacCracken of New York University to honor distinguished Americans whose lives reflect the highest ideals of American Culture. The public may nominate any citizen who lived in the U. S. and who has been dead for at least 25 years. Election requires a majority vote of the College of Electors, comprising approximately 120 U. S. men and women of distinction. A maximum of seven new names may be chosen at the elections which are held every three years. A bronze portrait bust of each elected candidate and a plaque inscribed with some of his or her significant statements line an open-air colonnade that winds around three university buildings. The following have been inducted into the Hall of Fame:

AUTHORS

George Bancroft
William Cullen Bryant
Samuel Langhorne Clemens
(Mark Twain)
James Fenimore Cooper
Ralph Waldo Emerson
Nathaniel Hawthorne
Oliver Wendell Holmes
Washington Irving
Sidney Lanier
Henry Wadsworth Longfellow
James Russell Lowell
John Lothrop Motley
Thomas Paine
Edgar Allan Poe
Francis Parkman
Harriet Beecher Stowe
Henry David Thoreau
Walt Whitman
John Greenleaf Whittier

EDUCATORS

Mark Hopkins

Sen. Inouye Has Spent His Lifetime Overcoming Obstacles

WASHINGTON (AP) — Born in a Chinese ghetto in Honolulu, severely wounded in combat in World War II and a self-starter in politics, Daniel Ken Inouye has spent his lifetime overcoming obstacles. But he claims that he never felt handicapped.

After 14 years in the Congress, the last 11 in the Senate, the 48-year-old Democrat from Hawaii has recently gained the attention of the nation as a member of the Senate Watergate committee.

It is not his first national public exposure. Inouye was the keynote speaker at the 1968

Democratic National Convention and briefly figured as a possible vice presidential candidate until, according to aides, he discouraged the idea.

And the incident last week, when an angry defense lawyer in the Watergate hearing caustically referred to Inouye as "that little Jap," wasn't the first time he has faced racial prejudice.

A first generation American whose laborer-father had emigrated to Hawaii from Japan at the age of four, Inouye was 17 at the time of Pearl Harbor and remembers that day—the Japanese planes overhead, the

antiaircraft guns, and the hours he spent working in a first aid station taking care of the wounded.

Japanese Americans in Hawaii were not subjected to the same panic-nurtured prejudice that sent thousands in California to internment camps, but for several years they were not permitted to serve in the armed forces.

When that barrier finally was lifted, Inouye was among the first volunteers, and wound up as a member of the Army's 442nd Regimental Combat Team, the all-Nisei "Go For Broke" unit that won more dec-

orations than any other in World War II.

Starting as a private and later earning a battlefield commission, Lt. Inouye was wounded in northern Italy a few weeks before V-E day. He came home without his right arm, but with the Distinguished Service Cross, the second highest medal for valor.

His ambition to become a surgeon shattered. Inouye turned to law and entered politics as a member of Hawaii's Territorial House of Representatives where he became majority leader.

After statehood in 1959 he be-

came Hawaii's first congressman and the first Japanese American ever elected to Congress.

He tells the story of how House Speaker Sam Rayburn of Texas described himself as "the best-known man in Washington" and told Inouye that he would become the second best-known because, as Rayburn explained it, "There are not too many one-armed Japanese congressmen."

With a popularity that has seen him win as much as 83 per cent of the vote in his home state, Inouye has served in the Senate since 1962. He serves on

the regular committees on Appropriations, Commerce and the District of Columbia.

Maintaining a home in Hawaii where his wife, Maggie, and their son, Daniel Jr., spend most of their time, Inouye also has a home in Bethesda, Md., a Washington suburb.

He plays the piano—better than many people with two arms, he says—and also shoots

FOREWORD

In a Career Education program, each student is provided with tools and/or information to help him develop a sense of self-awareness, to become cognizant of his abilities, temperaments, aspirations, goals, values, interests and needs in order to make realistic choices in the many career options available to him in the world of work.

The material developed in this unit was based on this premise with the goal of infusing these ideas into the present curriculum.

Career Education is a facet of education that can be related to the whole student and thus provide a vehicle to help youth prepare for the future and implement decisions that will hopefully lead to a rewarding and successful life.

G. Douglas Van Benschoten

Patricia Gilfoyle	Homer Central School
Dorothy Gollner	McGraw Central School

Illustrations by Robert Gerlach, South Seneca Central School

Main Goal--To study the job clusters of: Construction and Environment, Business, Marketing and Distribution, and Manufacturing through the science and math approach.

Specific Objectives--As a result of this unit the 6-7 or 8th grade students will:

1. Prepare and develop a marketable product.
2. Participate as a contributing member of the class developed corporation.
3. Explain the function of a corporation.
4. Write an evaluation of the class developed corporation in relation to:
 - a. profit
 - b. management
 - c. labor
 - d. safety
 - e. practicality of end product
 - f. saleability and quality of end product
5. Explain the assembly line process, its advantages and disadvantages.
6. List the title and function of the different departments of a corporation.
7. Define a company and compare its organization with that of a corporation.

Specific objectives for Primary Grade involved. As a result of this unit the child will:

1. Assemble a bird house from a kit.
2. Develop a bird booklet containing pictures, stories and poems of birds.
3. Compare a seed eating bird with an insect eating bird as to bill, nest, egg and migrating habits.

4. Identify the tools used in construction.
5. Be able to correctly write a thank-you letter.
6. Explain the sequence used in assembling the bird house.

A Kindergarten child will:

1. Identify a birdhouse orally.
2. Tell what it is used for.

Note To Teacher

This unit may be approached in three separate ways; or a combination of each.

- a. A study of birds.
- b. A corporation set-up.
- c. A bird study and a hands-on-sharing experience with younger children.

Expansion:

- a. A study of birds deals with parts, types, characteristics, and migration of birds.
- b. A corporation set-up deals with the planning, manufacturing, selling and a profit-making project consisting of a bird house kit. (This is a suggested craft. Any other class suggested project could be developed using the same procedure.)
- c. The bird study and a hands-on-sharing experience with younger children deals with the 6th, 7th, or 8th grade doing a bird study and developing bird house kits that they would give and aid in assembling with a younger class of the co-operating teacher.

Suggestions to the teacher:

- 1. Assess the entire unit.
- 2. Decide which approach or approaches is most applicable to your class or that you wish to use.
- 3. If "c" approach is used, consult with a primary teacher who would cover a bird study.

This unit can be taught to the whole class or it can be an independent project for one or more interested students.

SKILL TO BE TAUGHT OR REVIEWED

<u>Intermediate Science</u>	<u>Primary Science</u>
1. Catagorizing	1. Observation
2. Graphs	2. Listening
3. Identification of birds	3. Categorizing
4. Identif. of bird parts	4. Identification of colors
	5. Identification of birds
	6. Identification of bird parts

<u>Intermediate Construction</u>	<u>Primary Construction</u>
Economic Principles	Hand Manipulation
Language Arts	Eye-Hand Coordination
Oral Reports	Mathematics
Listening Skills	Penmanship
Measurement	Letter Writing
Art	Writing
Math (all basic processes)	
Problem solving	

Copy of bird house plan that could be used.

1. Match light pink front with light pink side.
2. Match brown side with brown back.
3. Slide bottom into grooves. (Make sure it fits right)
4. Match blue back with blue side and orange front with orange side.
5. Nail front, back, and sides together where nail marks are.
6. Take one roof piece matching grey and dark pink. Do the same thing with the other roof piece.
7. Nail roof where nail marks are.
8. Cut dowel 2 inches long. Place in small hole.
9. Paint your birdhouse and take it home.

This is an example, especially of the color coding of the parts to help primary students in assembling.

ACTIVITIES

Activities for teacher:

1. Explain the project to the class.
2. Make arrangements for a field trip to one of the suggested:
 - a. Sap Sucker Woods (Cornell University Ornithology Dept.)
 - b. Montezuma Wildlife Refuge
 1. Plan the groups - divide children
 2. Get chaperones
 3. Review the trails and time allocated

Activities for pupils:

1. Make a study of birds
 - a. Anatomy of a bird
 - b. Egg (size, color, shape)
 - c. Nests (sizes, shapes, materials)
Make a collection of abandoned nests
 - d. Types of birds most common to Eastern U.S.A.
 - e. Main foods
1. View films, filmstrips, study prints.
2. Find information in magazines and books.
3. Listen to bird records.
4. Write poems about birds.
5. Invite local bird watchers to the class.
6. Make a bird book - color dittos, pictures and drawings.
7. Make collages.
8. Use bar and line graphs to show:
 - a. Number of specific birds of the area
 - b. Numbers of birds seen

9. Make a study of extinct and endangered species.
10. Find out about protection laws from a game warden, ranger or other qualified person.
11. Raise pheasants
 - a. Keep a growth chart
 - b. Keep a time chart
 - c. Make development sketches

2. A Corporation Set-up

Study of Bird Homes

- a. Invite a shop teacher, carpenter, or shop student in to discuss tools, their use, their safety, materials used, etc.
- b. Invite carpenter to discuss his job and on-the-job safety.
- c. Invite a member of the community in industry to tell how to set up an assembly line.
- d. Invite a member of Junior Achievement to explain how to set up a corporation - contact JA of Ithaca, Cortland County Alan Pabst, 749-3024 (J.A. is a non-profit independent program sponsored by business and industry)
- e. Plan on design and size of bird houses and number to be made.
- f. Set up a Corporation
 1. Find out cost of materials
 2. Divide the cost
 3. Figure out cost of one share
 4. Select treasurer and finance committee
 5. Select a stock broker to sell stock certificates

6. Print stock certificates
7. Sell shares to classmates, parents, and others
8. Appoint committee to purchase materials
9. Committee to borrow tools
10. Set up committee for quality control, safety,
and over-all production.
11. Set up an assembly line to make and assemble
bird house kits
 - a. Cutters
 - b. Sanders
 - c. Color coders (magic markers) to code the pieces
of the kit to aid in assembly
 - d. Kit assemblers
12. Develop the assembly kit direction sheet.
13. Invite someone in to discuss advertising techniques
14. Invite someone in to discuss how to sell a product
15. Set up a committee for advertising
16. Finance committee will set price of product
17. Sell product
18. The treasurer keeps track of money coming in
19. Finance committee meets to:
 - a. Pay all bills
 - b. Determine profits
 - c. Distribute profit to share holders
20. Evaluation of project to state advantages and
disadvantages of the methods used.

Other people that might be invited to the class:

3. Visit a bank to observe its operation

- a. Bankers
 - b. Stock holders
 - c. Auditors
 - d. C.P.A.
 - e. Finance Officer
 - f. Personnel Manager
 - g. Lawyer (Corporate) to discuss patents
 - h. Stock broker
4. A bird study and a hands-on-sharing experience with younger children.

Primary and Intermediate

- a. Bird study as developed in section A. according to the needs of the children. Both primary and intermediate children should make a study of birds.
- b. 6th, 7th, or 8th Activities-make and develop the bird house kits as structured in section B.
- c. 6th, 7th, or 8th grade children could give lessons of their study on birds to the younger children.
- d. 6th, 7th, or 8th grade children could accompany the younger children on a field walk for a bird search.
- e. Older children (6th, 7th, or 8th) could read stories or show a film or filmstrip on birds to the younger children.
- f. Older children could develop bird identification or bird games for the younger children.
- g. Older children make kits, using suggestions for obtaining materials and design procedures as stated in section B.
- h. Older children will assist small group of younger children in making the bird houses.
- i. See lists of invited guests.

- j. Primary-See bird study activities most beneficial to class or group
1. Make pictures, collages
 2. Listen to records of birds
 3. Make a bird booklet
 4. Make a bird mobile
 5. Write bird poems
 6. Sing bird songs
 7. Take bird walks
 8. View films and film strips on birds
 9. Study and display bird pictures
 10. Make a bird bulletin board
- k. Primary children paint bird house.
1. Write Thank-you letters to older class.
- m. Make a Thank-you party.
- n. Write Thank-you certificates to give to the older group.
- o. Write a Thank-you song for the older class.

Come Fly With Us

Primary

Evaluation Activities

Objective #1

Complete the bird house in an acceptable manner.

Objective #2

Complete bird booklet with pictures, stories and poems in an acceptable manner.

Objective #3

The child will be able to tell or write a comparison of a seed eating bird with an insect eating bird as to its bill, nest, egg and migrating habits. This could be done as a small group, or individually. This also could be recorded on a tape recorder. Older children could write short descriptive paragraphs.

Objective #4

- a. The child will be able to name the tools used.
- b. The child will be able to demonstrate that he can handle these tools that are used in construction of a bird house.

Objective #5

The child will write an acceptable thank you letter.

Objective #6

Kindergarten:

Teacher will ask child to identify bird house from other buildings in a drawing or from pictures of buildings pasted on a sheet of paper.

1st and 2nd:

The teacher will prepare a ditto sheet of pictures describing

the steps used in assembling the bird house. The children will cut these out and paste them on another sheet in the right order.

3rd:

The teacher will prepare a ditto sheet with mixed up sentences describing the steps used in making the bird house. The children will rewrite these sentences putting them in the right order.

EVALUATION 6th, 7th, or 8th

Classroom Corporation Check List
Evaluation of each student. Objective 1 and 2

1. NAME _____

Poor Fair Good Excellent

1. Follows Directions
 2. Is responsible for his/her actions
 3. Is courteous to fellow workers
 4. Shows initiative
 5. Completes task on time
 6. Has pride in his work
 7. Shows leadership qualities
 8. Has patience with small children
 9. Is cooperative to fellow workers
 10. Sees the importance of his work as a necessary part of the whole process
-
2. The student will be able to write, state or tape the function of a corporation after this units experience.
 3. Each child will do a critique or evaluation of the classroom corporation as related to advantages, disadvantages, improvements or suggestions to: profit, management, labor force, safety facilities and precautions, practicality of end product, saleability and quality of end product, interpersonal relations of the staff, his or her own job - its value and importance.

Objectives

As a result of this unit:

1. Each child will write an autobiography of a can.
"I am a _____".
2. Each child will be able to trace at least one other product from source to the table.
3. Each child will be able to list ten occupations involved in food processing and related areas.
4. Each child will be able to identify what happens to the cans after the food is used from it.

(Ecology)

Note to Teacher

The main thrust is in the Social Studies area with Career Awareness as the theme. Math and Language Arts are incorporated throughout.

This unit should be reviewed and be patterned for the needs of your particular class. It is not intended that all activities be used.

The resource materials stated here are from the Tri-B.O.C.E.S. resource centers. We encourage supplementation of the resources suggested here from your home school. We would greatly appreciate any ideas, suggestion, available resource materials, activities and/or evaluation that you use or develop during this pilot unit to be added and sent to -

Note To The Teacher

This unit is designed as a one week experience, with extensions if desired.

This unit deals with the behind-the-scenes activities of a super market. Stressing the areas of production, marketing, transportation, processing and distribution of food.

Description of Activity

Each child will be asked to bring to class a can of food. Teacher should make sure a variety of cans are represented, e.g fruits, vegetables, meats, fish.

Using these cans the unit will be developed.

The children will work individually from guide sheet provided.

At the end of the research a group presentation and/or bulletin board will be developed.

Guide Sheet

Autobiography Of A Can

Name of the product _____

Name of the company _____

Address of the company _____

Place produced _____

Size of can(number) _____

Weight of can(Oz.& grams) _____

Date stamped on can _____

Cost _____

Ingredients _____

Other information on the can e.g. recipes, etc.

Material the can is made of _____

Other information on the use of the can for refrigeration
storage, safe _____

unsafe _____

Measurement of the can

a. height _____ c. diameter _____

b. circumference _____ d. volume _____

Methods used to dispose of the can

aluminum _____

steel _____

tin _____

1. Trace your product from farm or sea, etc. to market.
 - a. Growing conditions
 - b. Area grown
 - c. Modern methods used in the farming process of the product.
 - d. Who probably harvested the product?
 - e. How did it get from farm or sea to the cannery?
 - f. Describe the methods of processing your product.
 - g. What role does the United States government play in food processing?
 - h. List the jobs involved in the food process.
 - i. How did the can come to the store?
 - j. Interview the manager of the supermarket or invite him and ask:
 1. Who sets the prices, how and why?
 2. Where is it stored?
 3. Who handles the can?
 4. How does the can come to the store?
 5. What does "supply and demand" mean?
 6. What jobs are available in the supermarket and the training and education needed.
 7. Where is the main office of the store?
 8. Who does the store buying - ordering?
 9. What diseases are possible from faulty processing or improper handling?
 10. What may a bulging can indicate?
 11. What is the average difference in cost between store labeled cans and national brands?
 12. How does the store determine profit or loss?
 13. What does inventory mean?

14. What is done with expired foods?
 15. What is the oldest continuously sold product in the store?
 16. What is the newest?
 17. How many new products are developed each year?
- k. Who brought the product home?
- l. What will happen to this can next?

2. Name the specific jobs involved in the "Autobiography of a Can".

- a. seeds _____
- b. planting _____
- c. growing _____
- d. harvesting _____
- e. transportation _____
- f. factory processing _____
- g. transportation to store _____
- h. unpacking _____
- i. stacking _____
- j. buyer _____
- k. recycling _____
- others _____

3. Have students write for information concerning manufacturing one month previously to the actual teaching. This will give all materials to use.

Enrichment Activities

1. Write to the food processor requesting information about the company and the food process.
2. Write to the United States Department of Agriculture (or local farm bureau or 4-H, or home demonstration unit) for information on the growing of food, processing standards, and regulations.
3. Visit a supermarket and make a floor map of the food sections and label each section on your plan.
4. List the types of products found in the store..... frozen foods, fresh meats, vegetables, pet foods, paper products, dairy products, etc.
5. Put on a play of the "Parade of Cans" that have been researched.
6. Invite someone from a food warehouse to discuss his occupation.
7. Other visitors possible -
 - a. Refrigerator truck driver
 - b. Trailer truck driver (foods)
 - c. Cashier, bookkeeper
 - d. Butcher, bakery employee

8. Class graph e.g.

(Each child's)		Price		
<u>Can Name</u>	<u>Store A</u>		<u>Store B</u>	<u>Store C</u>
Hunt's peaches	33¢		39¢	41¢

9. Graph-prices of a product under different labels e.g.

<u>Green Beans</u>	<u>Price</u>
Hunt's	
Libby's	
Stokley	
Store Brand	

10. Make a newspaper ad or store window ad for one or more of the products bought.
11. a. Make a list of all the products imported from other countries. Name the product and country.
b. Divide the class into groups and have them find the products of certain countries.
12. Make up a class menu and prepare and serve a luncheon to
13. your classmates. Choose committees for cooking, serving, setting tables, clean up. Invite guests if desired. If you do not wish to serve a meal you could save the cans for a holiday food basket for the needy.
14. Invite a mother to class to explain the "home canning" process.
15. Write for information on "home canning" from: 4-H, Home Education units, Cornell University, etc.
16. Show films of the food processing industry.
17. Keep a continuous vocabulary list of new words and terms.
18. Make up a picture booklet of all vocabulary that is applicable or a collection of pictures of the food process industry.
19. Have student make a collage, using articles and magazines from home, of the complete process of a product.

Evaluation

1. The unit "Autobiography Of A Can" is self evaluative by:
 - a. Research report
 - b. Oral presentation
2. Write a paragraph, after listening to the oral presentations of other class members on the biography of the can.
Include the following:
 - Name
 - Source
 - Methods of processing.
 - How this product is different from your can.
3. List an occupations of the food processing and related areas.

FOREWORD

In a Career Education program, each student is provided with tools and/or information to help him develop a sense of self-awareness, to become cognizant of his abilities, temperaments, aspirations, goals, values, interests and needs in order to make realistic choices in the many career options available to him in the world of work.

The material developed in this unit was based on this premise with the goal of infusing these ideas into the present curriculum.

Career Education is a facet of education that can be related to the whole student and thus provide a vehicle to help youth prepare for the future and implement decisions that will hopefully lead to a rewarding and successful life.

G. Douglas Van Benschoten

NOTE TO TEACHERS

It is suggested that this module be taught over a period of four weeks for best results. However, it can be adapted to fit the needs of the individual teacher or class.

We also suggest that the module be read in its entirety before being used.

Select from all grade levels those activities most applicable to your particular class.

This module is written in a spiral format beginning with Grade 4 and continuing through Grades 5 and 6.

In grade 4, the emphasis is on helping the student become acquainted with the kinds of news found in a newspaper and its importance in keeping the public informed. The 4th grader develops an awareness and has some experience in using news stories.

As the module progresses students become exposed to the formal writing used in the newspaper, including the mechanics of assembling and circulation.

By sixth grade, students are expected to show more experience in writing, understanding what they read and in being discriminatory in their reading.

Underlying all grade levels is the understanding of the various careers involved in the newspaper field.

THE NEWSPAPER

Grades 4, 5 and 6

Social Studies, Language Arts and Math

Career Clusters:

Communication Media

Public Service

Business and Office

Marketing and Distribution

Environment

Consumer and Homemaking

Career Elements:

Self Awareness: The student will learn about himself in relation to his culture through understanding and experiencing roles.

Educational Awareness: The student will recognize that educational experiences are a part of his career development.

Career Awareness: The student will determine the worker qualifications related to performing the basic tasks of various occupations.

Economic Awareness: The student will understand the relationship between personal economics, life-style and occupational roles.

Beginning Competency: The student will become familiar with the use of basic tools, equipment and materials associated with business, commercial and industrial activities.

Decision Making: The student will become proficient in identifying and using resource information in making career decisions.

Attitudes and Appreciations: The student will recognize the responsibilities to himself and others when accepting a task or job.

General Purpose: To develop an awareness of the variety of careers involved in the production of the daily newspaper.

Goals:

Social Studies:

- 1) To develop an awareness of the academic, political and social issues of young people in general.
- 2) To develop the idea that school news is part of society's problems as a media.
- 3) To create a feeling of responsibility and honesty in response to those they serve.
- 4) To bring about change and reform with freedom of the press.
- 5) To expose the student to role of the newspaper in American history.

Language Arts: As a result of this module the child will be able to:

A. Fourth Grade -

- 1) Define 5 terms in newspaper vocabulary related to newspaper work from a given list.
- 2) Identify parts of the newspaper.
- 3) Write a classified ad and a display ad.
- 4) Draw a cartoon.
- 5) Write a comic strip.
- 6) Summarize a current event from a newspaper clipping.

B. Fifth Grade -

- 1) Identify and recognize the sections of a given newspaper, such as, ads, cartoons, comic strips, features, social events, etc.
- 2) List and summarize the facts from a given lead paragraph, answering as many of the Five W's as possible. (What, when, where, why, who?)
- 3) Identify some of the costs involved in a newspaper production.

C. Sixth Grade -

- 1) Identify and recognize the parts of a newspaper, such as, ads, front page news, editorials, sports, social, classified, entertainment, etc.
- 2) Write a feature story or news article about the topic being researched.
- 3) Compare news stories from the newspaper versus TV, radio.
- 4) Take part in the handling of assembling, distribution and sale of a school newspaper.
- 5) Be able to explain what profit and loss means.

Career Objectives for all grades - The child will be able to:

- 1) List a minimum of 5 careers involved in the newspaper industry.
- 2) Explain why and how other industries are dependent upon the newspaper.

INTRODUCTORY ACTIVITIES

1. Each child will use a newspaper to cut out other words to create his own front page.
2. Teacher directed discussions relating to:
 - A. The Front Page
 1. The Headline
 2. State, National, International News
 3. Index
 4. Weather
 - B. Local News
 - C. Society Page
 - D. Sports Page
 - E. Radio, Television and Movies
 - F. Classified
 - G. Advertisements
 - H. Vital Statistics
 1. Births
 2. Deaths
 3. Marriages
 - I. Comics, puzzles
 - J. Editorials and Letters-to-the-Editor
3. A discussion of the importance of a newspaper in a child's daily life
 - A. Class discussion
 - B. Panel discussion
4. Listen to tapes listed in bibliography.
5. Teacher directed discussion on career awareness taken from the teacher list found in this module

6. Discussion of related newspaper terms -

ad - advertisement

assignment - the story assigned to a reporter

A.P. - Associated Press

body type - type used in regular print

bold face - heavy type as in headlines

bulletin - late news story of importance

by-line - name of the writer of the story

caption - description of a photograph

column - division of a newspaper page

copy - all of the news article

dateline - place and date of the story

deadline - time stories must be finished

editorial - article expressing personal opinion

feature - article of human interest

Five W's - What, Who, Why, Where, When??

head - headline

interview - contacting a person in the news

layout - plan of a newspaper

lead - first paragraph of a news story - topic

obit - Obituary

proofreading - correcting original story for errors

reporter - one who gets the news

rewrite - to make the article clear

subhead - breaks up a long story

U.P.I. - United Press International

GENERAL ACTIVITIES

Fourth Grade:

1. Use words in a sentence taken from a given list.
2. Make a collage of headlines.
3. Use a picture and illustrate it with a slogan.
4. Use a picture and write his own caption.
5. Give an oral presentation of a current event.
6. Create an imaginary news item using the Five W's.
7. Identify the "large" parts of a newspaper.
8. Write and ad. Examples:
 - a. lost puppy
 - b. bicycle for sale
 - c. neighborhood play, ball game
 - d. book for sale
9. Concentration game: Make a series of two cards, have a clue on one card to match the other.

Job Title

Job Description

10. Create own crossword puzzles.
11. Illustrate an ad or a cartoon strip.
12. Show a film, "The Journalist" - see bibliography.

Fifth Grade:

1. Any of the above activities.
2. Write a news story of no less than 3 paragraphs in length.
Be sure to use a lead paragraph.
3. Take a page of ads from the daily newspaper and find out the cost of the page.

- a. Measure the column inch and multiply the column inch by \$1.30 which is the average cost of a column.
- b. School newspaper - ask the secretary of the school how much a ream of paper costs. From this cost, have the students compute the cost of their newspaper.
4. From the "Careers in Journalism" list, have students select one career of interest and do a research report, which should include the following:
 - a. Job Title _____
 - b. Job Responsibilities _____
 - c. Education and Training _____
 - d. Job Pay _____
 - e. Personal Qualities for Success
 1. Attitudes toward news collecting _____
 2. Interests toward current events _____
 3. Capacity for evaluationg facts and events _____
5. After the written reports are completed take one class period and have the students exchange and proof-read papers.
6. Have a mock city-room where children play role of the various newspaper jobs.
7. Make a model or diorama of a newspaper operation.
8. Make a mural
 - a. Start with a news article brought in by the reporters.
 - b. The editor checks it over.
 - c. He sends it to the perforator operator - makes a perforated tape.
 - c. It goes to the photocomposition machine - gives printed image - cold type.

- e. Camera takes picture after all the news has been pasted up on a sheet.
 - f. Then a press plate is made and the plate is printed
 - g. Delivery by the news carrier.
 - h. Reading by the consumer.
- 9. Arrange for a field trip to a local newspaper and write "thank-you" letters.
 - 10. Invite a speaker from the newspaper.
 - 11. Show a film - "The Journalist" "Today's Newspaper"
(Cortland-Madison BOCES 832-232)

Sixth Grade:

- 1. All of the above activities.
- 2. Write a more extensive feature article.
- 3. Write his own news feature from watching television or listening to the radio.
- 4. Organize committees for the assembling, distribution and sale of a school newspaper.
 - a. Estimate the number of pages to be printed from the lay-out.
 - b. Assign students to sell.
 - c. Set a date for the sale of the paper.
 - d. Advertise - use hand posters or use the intercom.
 - e. Decide what to do with unsold papers.
 - 1. Sell at a reduced price (old news)
 - 2. Give to the Senior Citizens, Hospitals, etc.
 - 3. Recycle
- 5. Show above films plus "Newspaper Lay-Out" (Cortland-Madison BOCES)
(832-232)

OTHER SUGGESTED ACTIVITIES

1. Class project

Choose one topic - bring in news items

example: Presidential tour, plot trip on a map

2. Tape record student oral reports and newspaper readings

Encourage self-evaluation

3. Practice answering the "Help Wanted Ads"

Use telephone, letters, etc.

4. Keep a record of Vital Statistics of one month

Births, deaths, marriages, etc.

5. Follow favorite team

Keep a record of wins, losses, teams played

6. Tour through newspaper publishing house

Discussion and oral reports follow-up

7. Collect ads

8. Word Puzzle (page 14)

9. Letter To The Editor (page 15)

10. Math problems

PUZZLE

Use these words to complete the puzzle:

Newspaper

GRADE 4 ACTIVITY

Math Problems

Daily papers are printed 6 days in a week.

1. How much do your parents pay for 6 copies of the local paper at 15¢ per copy?
2. How much would they pay for newspapers in a week if they bought a Sunday paper for 45¢ and 6 daily papers at 15¢ per copy?
3. Mrs. Smith writes for the local newspaper. How much does she earn if she writes 9 inches of copy and is paid 25¢ per inch?
4. The fourth grade class produced a class newspaper. There were 5 pages in each newspaper and there were 50 newspapers printed. How many sheets of paper were used in all?
5. The class sold all the newspapers at 10¢ per copy. How much money did they have all together?

GRADE 5 ACTIVITY

Math Problems

1. How many newspapers does the local newspaper company produce in a week at the rate of 2,000 copies per day? There are 6 days in a week.
2. Americans buy $48\frac{1}{2}$ million copies of Sunday papers and 256 million copies of daily papers in a week. What is the weekly total of dailies and Sunday newspapers?
3. How many students are enrolled in college journalism classes if there are 2,009 at the University of Texas; 1,456 at Syracuse; 1,276 at Boston University; 1,100 at Columbia and 1,058 at the University of Georgia?
4. A 5th grade class produced a newspaper for the entire school population of 657 students. If they charged 7¢ per copy, what were the total receipts?

GRADE 6 ACTIVITY

Math Problems

1. According to statistics on reporters in 1970, there were 39,000 in all. If 35% of these reporters were women, how many women reporters were there?
2. There are 60 $1/2$ million newspapers sold each day in the United States. How many are sold in a week? (A week is 6 days)
3. What is the total number of newspapers sold in a week including the dailies, 48 $1/2$ million Sunday newspapers and 24 million weekly newspapers?
4. How many newspapers would your local newspaper have to sell in one day if the cost of producing the paper for 1 day is \$450.00? One copy of the newspaper is 15¢.
5. The circulation for a daily paper in our city is 20,000 copies. How much profit would it make if it sold its newspapers at 20¢ a copy and expenses of producing the paper were \$2,500 per day?
6. Enrollments in college journalism classes during the past 10 years have increased from 14,624 to 48,327. What is the average increase per year?

7. If the number of students attending graduate schools in 1973 are 4,504, an increase of 552 from 1972, then how many were enrolled in 1972?
8. If 1 out of every 3 graduates of journalism schools go to work for newspapers, how many will work on a newspaper in a group of 48,000 graduates?
9. A grocery store placed an ad with the local newspaper. The ad was 4 columns wide and 8 inches long. How much did the ad cost if the charge was \$4.50 per column inch?
10. Classified ads cost 10¢ a word for the first day, then 5¢ a word for each succeeding day. I placed an ad containing 15 words for 5 days. How much did it cost?
